QUANTIFICATION OF WAIVED FEES
SPRING 2021 UPDATE
(Issued April 15, 2021)**

Include Name of Utility at the start of the responses and fill in the responding utility’s name in the bracketed “Name of Utility” spots.

In Order No. 23836 (June 2, 2020), the Commission ordered:

Utilities subject to this order shall temporarily suspend late fees, interest charges, credit card fees, debit card fees and ACH fees. Each utility that charges late fees, interest charges, or passes through credit card, debit card, or ACH fees to the customer shall track the expense of late fees, interest charges not collected as well as credit card fees, debit card fees, and ACH fees absorbed by the utility which are not included in the utility’s revenue requirement, for later review by the PUC. This portion of the order will be reviewed in September 2020.

1. Does Block Island Utility District typically charge late fees to customers? If so, please provide the tariff reference and the types of customers to whom the late fee applies.

Response: Yes, BIUD charges late fees as set forth in paragraph “M” of our terms and conditions.

2. Does Block Island Utility District typically charge interest on overdue balances to customers? If so, please provide the tariff reference and the types of customers to whom the interest charge applies.

Response: No.

3. Does Block Island Utility District typically pass through to the user the so called “convenience fees” associated with paying with credit cards or debit cards?

Response: No.

4. Does Block Island Utility District typically pass through to the user the so called “convenience fees” associated with paying with an ACH/electronic check?

Response: No.

5. Does Block Island Utility District intend to seek recovery of the costs associated with the absorption of the applicable fees?

Response: No.

If the utility answered no to each of the preceding four questions, they can stop here. There is nothing more for the Commission to consider at this time. If the utility answered yes to one or more of the questions, please continue.

6. Please indicate the date upon which Block Island Utility District ceased charging customers for late fees, interest fees, credit card/debit card payment fees, or ACH/check fees (please list each separately, even if the date is the same).
7. Utilities only collect late fees and interest fees on accounts for which payments are made. Similarly, credit card/debit card fees and ACH/electronic check fees are only absorbed by the utility under the PUC's order if payments are made. For the period commencing on the date provided in response to number 5 through the most recent date available (identify the date), please provide the following:
 - a. The total number of accounts on which payments were made.
 - b. The number of accounts where payments were made and interest and/or late fees were waived.
 - c. The number of accounts where payments were made by credit card/debit card.
 - d. The number of accounts where payments were made by ACH/electronic check.
 - e. The dollar amount of credit card/debit card fees absorbed by the utility that would have otherwise been assessed to the customer paying with a credit card/debit card.
 - f. The dollar amount of ACH/electronic check absorbed by the utility that would have otherwise been assessed to the customer paying through ACH/electronic check.
 - g. The dollar amount of waived late fees on accounts where payments were made.
 - h. The dollar amount of waived interest fees on accounts where payments were made. If the response is that the dollar amount cannot be determined but the utility will seek cost recovery, please explain how the utility would quantify the amount to be recovered and meet a reasonable burden of proof.
8. Please indicate the first date Block Island Utility District sent termination notices to customers with dates not affected by a Commission decision (in other words, the utility could follow through with a physical termination on or after the notice period if payment or a payment arrangement was not made). Please break out by customer class if applicable.
